How to scan for and select DAB stations on your Elan Sleep?

Customer Support - 2026-09-25 - Elan Sleep

Would you like to search for DAB+ radio stations and select them on your Elan Sleep?

When you use your Elan Sleep for the first time, the DAB scan takes place automatically.

All available stations are found and saved in the station list.

To change the DAB station,

1. press one of the direction buttons (**< or >**) to bring up the station list.
2. Using the direction buttons (**< or >**), you can now move through the available stations.
3. Once you've found the station you wish to listen to, press the "Select" button to switch to that station.

To perform a new scan,

1. simply press the "**Home**" button while in DAB mode to open the "**Settings**" option.
2. Now select "**DAB Scan**" and confirm your selection by pressing the "**Select**" button again.

Your radio will now delete all saved DAB stations and automatically begin scanning for all available stations.
