All about switching from DAB to DAB+ (excluding UK customers)

Laura - 2025-06-16 - DAB+ Radio

Getting form DAB to DAB +

You only need to perform 2015 a channel scan on your Pure Digital Radio from the end of January

If your radio supports DAB+ You only need to perform auto tune on your Pure Digital Radio at the end of January

Please refer to your Pure manual to do this. You can find you manual by checking our website

DAB to DAB +:
From the end January 2015 many broadcasters such as Bayerischer Rundfunk, Saxony-Anhalt and the MDR will launch offering full DAB+ stations.
Following this change a channel scan on your Pure radio device is required.
For some radios, it may be necessary for you to reset your digital radio.

Please refer to your Pure manual to perform this you can find it on our website

DAB +:
Bayerischer Rundfunk (BR) now does not send anymore programs in the old DAB standard.
Radios that do not support DAB + can no longer receive the BR programs on digital radio.
You will see these radio stations in the display of your radio but you unfortunately will not be able to hear the broadcast.

If you have have a highway, Siesta, Chronos 2, One Classic, Elite One, Evoke 1s or Élan II, check the downloads section from our website

Please note that some Pure radios were manufactured before the "DAB +" standardization and unfortunately cannot be upgraded to DAB +.
