How to change the EQ settings on an Elan Move?

Customer Support - 2026-04-02 - Elan Move

Would you like to change the EQ audio settings on your Elan Move?

1. To reach the equalizer on your Elan Move, first press the “**Home**” (**Back**) button
2. Press the “**Skip Forward**“ (**>|**) button to reach „**Settings**“
3. Confirm by pressing the “**Play / Select**” button
4. Using the “**Skip Forward/Skip Back**” buttons select “**Equaliser**” and confirm by pressing the “**Play / Select**” button
5. The “**Skip Forward/Skip Back**” buttons will let you choose between “**Music**” and “**Voice**”
6. Again, confirm your selection with the “**Play / Select**” button
