How to use the Power Bank function of the Woodland Glow? Customer Support - 2024-10-30 - Woodland Glow

You want to charge a mobile device with your Woodland Glow?

To charge a mobile device with your Woodland Glow, simply use the **Power Bank** function.

The **USB-A connector** on the back of your Woodland Glow can be connected to your mobile phone or other device to be charged.

Charging an external device will reduce the battery runtime of your Woodland Glow.
