How can I get my Elan One² set up?

Customer Support - 2025-02-04 - Elan Series - DAB+ Radios

You would like to get the Elan One² setup?

1. When you apply power to the Elan One² for the first time, the display will show time and date shortly after.

2. By default, the Auto Update function of your Elan One² is set to update time and date from any radio source available.

3. This will also be the case, if your unit is still in Standby mode.

1. Pressing the "**Volume Select**" dial for the first time will activate a DAB scan. All stations found will be saved in the station list.
