How can I get my Evoke Spot/Play set up?

Customer Support - 2025-07-18 - Evoke Spot

You would like to get the Evoke Spot/Play setup and connected to the internet?

When you switch on the Evoke Spot/Play for the first time, the unit will boot with the “Setup wizard”.

1. Confirm with “Yes” to get started.
2. At first, you are asked to select the time settings. 12/24-hour format, Auto update, time zone and Daylight savings, followed by the network settings.
3. After the scan for available networks has been completed, select your SSID and enter your WLAN password to connect to your network.
4. Once completed, press the "Select" dial to enter the “Main menu”.
