6. Enter **"Time"** to select the hours with the up/down arrow keys. Press the **"Home/select"** button to move to the minutes.
7. Press the **"Home/select"** button to confirm. If you have chosen the option **"Once"**, you will be asked to also set the date.
8. **"Mode"** will let you select the source for the alarm. You can choose from Buzzer, Internet Radio, DAB radio, or FM radio. Select your preferred source and press the **"Home/select"** button to confirm.

10. Now set the **"Volume"** at which you wish the alarm to sound. Again, confirm your setting.
11. The option **"Save"** will let you store your settings.

**Active alarms** will be displayed by corresponding icons.

**When the alarm goes off:**

You can snooze the alarm by short pressing the Volume dial. Pressing the dial repeatedly will change the Snooze period (5, 10, 15, and 30min.)
