How can I use the Power Bank function on your Classic Aura?

Customer Support - 2025-08-08 - Classic Aura

You wish to use your Classic Aura as a Power Bank?

1. Connect an external device to the **USB-C port** on the back of the Classic Aura for charging.

2. **Charging** an external device **will reduce** the battery runtime of the Classic Aura.

3. Charging speeds may be effected by the charge capacity and playing state of the Classic Aura.
