How do I switch my Elan Sleep on/off?

Customer Support - 2026-09-25 - [Elan Sleep](#)

Would you like to know how to switch your Elan Sleep on and off?

To turn your Elan Sleep on, slide the **power switch on the back of the radio** to the **ON** position and press the Standby button.

1. On first use, the unit will automatically start a setup Wizard.
 2. The display will show the welcome screen, followed by the language setup.
 3. Use the direction buttons (< **or** >) to move through the available languages.
 4. Press "**Select**" to confirm your choice.
-
1. In the next step, the radio will start an automatic DAB scan and store all stations found in the DAB station list.
 2. The time and date are set automatically, right after the DAB scan, using the DAB broadcast signal. No need to enter this manually.
-
1. The first time you switch to FM, an FM scan also runs automatically and stores the stations it finds in the favourites list.
-
1. To return to standby, press Standby/Snooze again.
 2. To switch off completely, slide the rear power switch to OFF.
