How to change the standby clock style [Moment, Moment Charge]?

INSIDE / AQIPA - 2025-07-28 - Moment

You would like to change the clock style of your Moment?

Changing the style of the standby clock on your Moment radio is simple and lets you personalise your display.

Let’s walk through the steps!

1. When your Moment radio is in standby mode, you can easily switch between different clock styles.

2. To do this, simply tap the "Home" button on the top of the radio. Each time you tap, the clock style will change, giving you four different options to choose from:

Bold Font with hours in the **orange** zone and minutes in the white zone.

Bold Font entirely in the **white** zone.

Thin Font entirely in the **orange** zone.

Thin Font entirely in the **white** zone.

1. Just keep tapping the “Home” button until you find the clock style that suits your preference.

You can now easily change the style of the standby clock on your Moment radio to match your style.
