Resetting your Highway 300Di

Laura - 2021-10-19 - [Highway 300Di](#)

In the unlikely event that you should need to reset your Highway 300Di product, you can perform a reset by following the instructions below:

Resetting the device:

- Remove your Highway 300Di controller module from the mounting bracket.
- Press and hold down the **Preset** and **Back** buttons on the controller - and at the same time insert the controller back into the mounting bracket.
- Let go of the **Preset** and **Back** button when you see the Highway logo appear on the controller screen.

The reset is complete and you should now have control of your Highway 300Di.
