PURE

How can I adjust the display brightness on an Elan One²?

Customer Support - 2026-01-29 - Elan Series - DAB+ Radios

You would like to adjust the brightness of the display on your Elan One²?

1. To adjust the display brightness enter the "**System**" menu, select "**Backlight**" and confirm this by pressing the "**Volume/Select**"dial.

2. The "**On level**" can be set to **High**, **Medium** and **Low**.

With the "**Night dimmer**" function activated, the display will remain dark from 11 pm until 5 am.
