How to pair a Bluetooth device with the Classic Mini?

Customer Support - 2026-05-05 - Classic Mini

Would you like to pair your phone or another Bluetooth device to your Classic Mini?

When you switch to Bluetooth mode for the first time by selecting Bluetooth as a source, it will automatically enter pairing mode.

All you need to do is go to the Bluetooth settings on your device, find **Classic Mini** in the list, and select it to pair.

The next time you enter Bluetooth mode, Classic Mini will automatically try to reconnect to the last connected device.

You’re now connected via Bluetooth and ready to enjoy your music wirelessly with **Classic Mini**.

Use the "**Skip Track - / Skip Track +**" top skip through tracks.

To pair a new device or if you need to re-pair/unpair a device, keep the "**Source**" button pressed until "**Pairing**" is displayed.

If no device is currently paired, Classic Mini will automatically enter pairing mode.
