How to pair a Bluetooth device with your Classic H4?

Customer Support - 2025-07-24 - Classic H4

Would you like to pair your phone or another Bluetooth device to your Classic H4?

1. When you switch to Bluetooth mode for the first time by selecting Bluetooth as a source, it will automatically enter pairing mode.

2. All you need to do is go to the Bluetooth settings on your device, find Classic H4 in the list, and select it to pair.

3. The next time you enter Bluetooth mode, Classic H4 will automatically try to reconnect to the last connected device.

You’re now connected via Bluetooth and ready to enjoy your music wirelessly with Classic H4.

To pair a new device or if you need to re-pair/unpair a device, keep the "**Bluetooth/Pair**" button pressed until "**Pairing**" is displayed.

If no device is currently paired, Classic H4 will automatically enter pairing mode.
