How to set a Sleep Timer on an Elan Move?

Customer Support - 2026-04-10 - Elan Move

Would you like to set a Sleep Timer on your Elan Move?

1. To reach the Sleep Timer on your Elan Move, first press the “**Home**” (Back) button
2. Press the “**Skip Forward**“ (**>|**) button to reach „**Settings**“
3. Confirm by pressing the “Play / Select” (**>||**) button
4. Using the “**Skip Forward/Skip Back**” (**>|**, **<|**) buttons select “**Sleep**” and confirm by pressing the “**Play / Select**” (**>||**) button
5. Use the “**Skip Forward/Skip Back**” buttons to choose the desired duration after your Elan Move enters Standby
6. Again, confirm your selection with the “**Play / Select**” button
