Evoke One - Quick Help

INSIDE / AQIPA - 2026-10-01 - Evoke One

Our most important tips on how to use your Evoke One music system

1. **Before operating the product**, always consult the **Evoke One User Guide**.
   You can find the Evoke One User Guide in our **Download Center**.

1. **Before we start**, we state the obvious.
   Please make sure the antenna is fully extended, and all plastic covers are removed. Attach the correct pins to match your plug socket, connect the provided power adaptor to your device and connect the power adaptor to a power source.

1. **Turning the Evoke One music system on and off**
   Pressing the volume control turns on your Evoke One music system.
   When you use your Evoke One music system for the first time, you'll be prompted to select some basic options.
   To switch off the Evoke One music system, press and hold the volume control for 2 seconds until the device switches off. For further details, **see this article**.

1. **Scanning and selecting DAB+ or FM Stations**
   We have two separate articles on these topics that you can select by clicking on the highlighted links above.

1. **Saving or recalling a preset**
   The Evoke One music system offers two methods to save presets. These can either be saved to one of the 3 (main unit) / 4 (remote control) quick preset buttons or added to the preset list.
   Pressing one of the quick preset buttons for 2 seconds will save the station currently listened to. Short press the preset button to recall it. More details can be found **here**.

1. **Changing the source**
   This is kept straight forward. Pressing the "Source" button will open the source window.
   If you want to know more about the source options, **read this article**.

1. **Pairing a Bluetooth device**
   Press the "Bluetooth" button and the Evoke One music system will enter pairing mode.

More detailed instructions on pairing with BT can be found **here**.

1. **Setting an alarm**
   The Evoke One has 2 individual alarms you can set. We have created a detailed **step-by-step help article** to explain the details.

1. **Adjusting the display brightness in Standby and on mode**
   Evoke One music system gives you various customization options to adjust your display brightness. Each of these functions is described in the relevant help article **linked here**.

1. **Choose your sound mode on your Evoke One music system**
   The Evoke One music system offers you a choice of pre-selected sound modes, as well as the option to customize your audio settings.
   Here is where you **find the details**.
