How to switch between sounds [Moment, Moment Charge]?

Customer Support - 2025-02-14 - Moment

You would like to find the right "sound" for you?

The sounds can be accessed both in standby mode and during operation.

You can simply press the "**Sounds**" button and the last sound selected will be played.

Each time you press the button, the next sound will be played.

To access the "**Sounds List**", simply press the "**Home**" button. Confirm with the "**Volume/Select**" dial and you can now scroll through the "**Sounds List**".

Follow the link to listen to the [different sound samples](#).
