How to switch your Moment on/off [Moment, Moment Charge]?

INSIDE / AQIPA - 2024-12-11 - Moment

You would like to switch your Moment on/off or put it into standby mode?

1. Pressing the "**Volume/Select**" knob will boot your Moment to the last source listened.

1. When you use Moment for the first time, the unit will automatically enter a DAB scan. All available stations are found and saved to the "**Station List**" without you having to do anything.

1. Short pressing the "**Volume/Select**" dial will mute the sound. To unmute the sound, short press the dial again.

1. To switch your Moment off, long press the "**Volume/Select**" dial.
